Objective

A highly motivated production and design mechanical focusing on producing, manufacturing, and programming CNC machines.

Education

B.Sc. in production and design mechanical Engineering (2018 – 2023) Faculty of Mechanical Engineering – Fayoum University.

Accumulative Grade: **Very Good.**

- **Graduation Project: Computer-Aided Design for Mechanical Gears by Python**
 - Description: Our program can help users reduce the time the user designs the gear and selects the best materials for the intended application.
 - Graduation project grade: Excellent.

Work Experience

- **Maintenance and operation engineer** at Egyptian Carbonate Mining Company. (Jul 2023-oct 2023)

Technical Site Training

- Emisal Egyptian company for minerals and salts in Fayoum (July 2022-Aug 2022)
- Siemens energy. (June 2023)
 - Basics of arc welding.

Technical Online Training

- Solid works and sheet metal course
- Database
- SQL Server
- Python programming language

Technical Skills

- ISO Procedures
- Python Programming Language
- SQL
- Solid works
- Microsoft office

Language

- **English:** good.

Personal Information

- **Date of Birth:** 1 / 1 / 1999
- **Gender:** Male
- **Nationality:** Egyptian
- **Military Status:** Exempted from military service
